Hi Nathan - I've made one edit to Annex II - but not sure if those are examples from countries or part of the analysis by KSA?

Thanks,
Catherine

Interagency colleagues,

Under the G20 Energy Sustainability Working Group (ESWG), the Saudis are seeking comments on several "outcomes documents," including the **Forward-looking Options for Enabling Pathways for Universal Access to Energy**. Please find attached DOE's initial edits on the draft. We would appreciate your review and comments, if any.

To ensure a timely response back to KSA, please send any edits, comments, or suggestions by noon tomorrow, Thursday, July 30. We will integrate your comments and send to KSA.

A couple points from our side:

Ex. 5 Deliberative Process (DP)

Please let me know if you have any questions.

Best,
Nathan
